National Indian Health Board Project Firstline

Carmen Sanders Public Health
Project Coordinator

PROJECT FIRSTLINE
CDC'S National Training Collaborative for Healthcare Infection Prevention & Control

NIHB PROJECT FIRSTLINE:
TRIBAL INFECTION PREVENTION & CONTROL
CAPACITY BUILDING PROGRAM

National Indian Health Board

Mission Statement:

Established by the Tribes to advocate as the united voice of federally recognized American Indian and Alaska Native Tribes, NIHB seeks to reinforce Tribal sovereignty, strengthen Tribal health systems, secure resources, and build capacity to achieve the highest level of health and well-being for our People.

National Indian Health Board

NIHB and Project Firstline

- **Support the implementation of a national healthcare infection prevention and control (IPC) training collaborative**

- **NIHB's goal is to work with CDC and other training collaborative partners to develop and/or adapt existing information products to inform Tribal health professional about important elements of infection control.**
