BELMONT PUBLIC LIBRARY

NOVEMBER

FALL FAVORITES

Our librarians were at it again! Read on for recaps of some of our fall-tastically themed events. We had a blast providing the following programs for the Belmont community, received great feedback from those that attended, and even got to meet some new library users!

Discover Your Family History with Ancestry.com

Librarian Nancy McColm gave a talk on Ancestry.com library edition, focusing on what's included in our subscription, and how to search in ways that maximize the chance of finding one's family's records.

After the talk, all 8 attendees went to the Reference Room to practice what they had learned, and to receive one-on-one help. One patron came away with two key pieces of information about his father, all of which he had previously been unable to find. Another learned strategies for how to search the federal census for her family, whose name has been spelled (at least) three different ways over the years.

Fire Safety Storytime with Firefighter Ross Vona

Kids learned all about fire safety from a real life firefighter! Firefighter Ross Vona, an E.M.T. and S.A.F.E Educator for the Belmont Fire Department, read some of his favorite stories about firemen and women, and generously answered questions and spent lots of time getting to know over thirty library patrons. Do you want to know some of Firefighter Ross' favorite stories or learn more about fire safety? Ask the Children's Staff!

Musical Storytime with the Powers Music School

Over one hundred participants not only got to know Anansi the Spider and his tricks, but learned all about different musical instruments and styles, courtesy of the Powers School. The program consisted of original songs written and composed by Powers staff member Yas Ishibashi, as well as traditional African songs and jazz music. Did you miss this one? Don't worry! The Powers Music faculty will be back in January and March for more musical storytimes!

This program was generously funded by the Jane Gray Dustan Trust, Belmont Savings Bank, and the Massachusetts Cultural Council.

NEW LIBRARY DESIGNS

PLANS ON DISPLAY NOW

We are proud to announce that we have completed our Schematic and Design phase. In November we presented the design and costs in a series of presentations, bringing us to the next stage in our efforts. The building committee has completed two years of work to design the new library, and we are so pleased with the outcome. We thank them all for the work they've done, but we also thank all of YOU.

Through the Feasibility and Schematic phases we had seven public forums with about 500 in total attendance, two surveys with hundreds more providing input, and countless meetings (over 75 since 2017) with community groups, library representatives, Belmont Town Government, Town Department Heads, and other community partners. This plan is truly designed by Belmont. All of our schematics are posted on our Library Project Page [Here](#) so please check them out. We've also posted our slides from the final design reveal on the website, and Belmont Media Center will be posting the video of our November 12th reveal shortly.

We especially want to thank one of our key partners, The Veterans of Belmont, who gave us permission to post the beautiful boards with all the designs near our Veterans Memorial on the main floor for all to see.

The Library Building Committee will continue their efforts working towards the construction of a new Library in Belmont, and we are grateful to our [Belmont Library Foundation](#) too, who is also working towards making the future of libraries in Belmont a bright one.

Keep an eye on the calendar as we'll be hosting periodic open houses for patrons to come and ask questions to learn more about the project. The first of which are scheduled for **Tuesday December 10th at the Library from 7-9pm**, with more to follow in 2020. Our work isn't complete yet, but it's important to recognize how far we've come towards this goal.

Thank you all,

Peter J. Struzziero

Library Director at your Belmont Public Library
