

NEWS & EVENTS

APP, CHAT, AND MORE

Dear Library Patrons,

2022 has arrived and we are very excited for what the year holds. While the majority of our programs continue to be held online via Zoom, we are hopeful that in the coming months we'll see COVID cases decrease and we can announce the return of more indoor and outdoor (in person) programs. While we wait though, don't forget all the other great things the Library has to offer: books, movies, music choices, graphic novels, video games, periodicals, databases galore and the very popular Library of Things collection.

Indeed, you can also find all of these resources via the MLN Mobile App: just search Minuteman Library Network in your app store and gain full access to your account and more right in the palm of your hand. A new, handy feature is the Mobile Checkout function: during your next visit to the library, you can check out your materials instantly with the app, skipping the lines at our busy circulation desks & self-checkout machines. This is a great chance to try out our latest technology & socially distance while doing so! If you have any questions about our services or the Mobile App, please ask library staff to help with the answers.

Speaking of new initiatives and seeking answers, I would also like to introduce a new opportunity available to Belmont patrons: **beginning in February, join me for some morning coffee and conversation on the first Friday of the month!** Whether you want to ask questions about the new library or current space, share ideas, or just get to know each other, the door is open and the coffee is hot so please don't hesitate to sign up for one of these morning chat sessions here: <https://belmontpubliclibrary.net/events/>

Lastly, don't forget about our Winter Reading Challenge - it started just a few weeks ago, but there's still plenty of time to join - check out the link in the box below!

Kindest Wishes,

Peter J. Struzziero
Library Director

FRIENDS OF THE LIBRARY NEWS

The Authors Series, sponsored by the Friends of the Belmont Public Library, continues to engage audiences by hosting fascinating, intimate conversations with exceptional authors. In January, Sanjena Sathian read from her debut novel *Gold Diggers* and then shared her thoughts on her favorite writers, her writing process and the role of fiction in society. The complete conversation, along with previous author events sponsored by the Friends, is available at the Library's Youtube channel: <https://bit.ly/FOBPLAuthors>. We will be back in March with another great interview!

In the meantime, enjoy some love at the Library! Join us on Sunday, February 13th from 1:00 to 3:00 p.m. to celebrate winter with an ice sculpture, Valentine supplies, books and goodies. Bundle up! We'll be in the parking lot. We hope to see you there!

Happy New Year!
Stephanie Cahoon and
Kristen Carte-Smith

SCANNX BOOK SCAN STATION

Do you have books, old documents or photos that need some high quality scanning? Bring them in and digitize them on the library's brand new Book Scan station—it can turn your scanned content into searchable PDFs, editable Word docs or images that are croppable. Whether black & white or color, double-sided or single-sided, the Book Scan station handles that and so much more. Come check it out!
