

PYTHON PROGRAMMING

FOR GRADES 9 TO 12

WEDNESDAYS

OCT. 18TH TO NOV. 8TH

2:00 TO 3:30 PM IN THE FLETT ROOM

Want to learn computer programming?
Now's your chance!

This class for 9th-12th graders will teach beginning and intermediate Python skills. No prior programming or teaching experience is required — though students with prior experience are encouraged to participate!

Registration required, please contact Young Adult Librarian Rachel at rmoir@minlib.net with any questions.
