SAINT BRENDAN THE NAVIGATOR EPISCOPAL CHURCH

IN-PERSON SERVICES

Consistent with the guidance provided by the Episcopal Diocese of Maine:

1. St. Brendan will continue with Zoom services for the foreseeable future as we work our way through the pandemic.

2. On August 2, 9 and 16, 2020 we will experiment with in-person services at St. Brendan as an add-on to the regular Zoom-based service. Participants will be seated outside in the garden area of the church while the service is Zoomed. Pastor Elaine will lead the service live from St. Brendan's, and this will be broadcast to others via Zoom. In many ways, this will be a regular Zoom service, but with people being together outside the Church.

3. Services will be cancelled if there is high likelihood of rain during service. Any cancellation will be announced by 9:00 am on the Church's website.

4. Process for in-person attendees during the period:

    a. It is requested, but not required, that all persons who wish to attend the in-person service send a note to George Pazuniak at gp@del-iplaw.com, solely for purposes of getting an approximate head count. The notice will also provide us an opportunity to email attendees with notice of any cancellation of service due to weather, or to provide any other announcements.

    b. There will be a sign-in table, and all attendees at the in-person service are requested to sign-in for traceability.

    c. A hand sanitizer and latex gloves will be available at the sign-in desk, and all attendees are requested to exercise one or both options.

    d. Attendees should wear masks until seated, after which masks are optional.

    e. Attendees are encouraged to bring their own outside chairs, but we will have available the regular church folding chairs. All chairs will be sanitized before and after the service.

    f. To the extent that Pastor Elaine or one of the attendees are speaking, the service will be live. Otherwise, the service will be shown on a tv-screen.

g. Using any church facilities is discouraged, but attendees can use the Church facilities but should sanitize their hands upon both entering and exiting the Church building, and masks are required indoors.

h. Attendees are requested to bring the Sunday's bulletin already printed or downloaded to a digital device. Some printed bulletins will be available at the Church.

i. There will be no Eucharist, hand greetings, singing, use of hymnals or coffee hour.
