ARROWSMITH COGNITIVE INTENSIVE PROGRAM

What if your child's brain could be rewired to make learning easier?

June 29 – August 7, 2026 · 6 Weeks

Our 6-week program uses **evidence-based, computerized cognitive training** to boost the underlying brain functions behind your child's learning challenges. Rather than teaching workarounds, the Arrowsmith Program applies the principle of neuroplasticity to **target and rewire** the brain areas causing the struggle, building a foundation for lifelong, independent learning success.

This program may be right for your child if they struggle with any of the following:

- ✔ Slow processing speed
- ✔ Difficulty understanding math concepts
- ✔ Struggles with reading comprehension
- ✔ Frequently says "I don't get it"
- ✔ Needs concepts retaught many times
- ✔ Loses information easily after learning it

Program Details:

- ✔ DAILY SCHEDULE
  9:00 a.m. – 3:00 p.m.
- ✔ GRADES
  Open to students entering grades 3–12
- ✔ GROUP SIZE
  Small group setting (maximum of 10 participants)
- ✔ APPROACH
