

Shabbat Kiddush Teen Lunch & Learn

Explore the complexity of Israel and
connect where identity plays a role

with special guest
Ahron Levin
from **StandWithUs**

StandWithUs
HIGH SCHOOL

Saturday, March 18

Approximately 11:45 AM

Ahron Levin was born and raised in the United States, making aliyah following a Birthright trip, where he experienced the magic of Israel—immediately falling in love with the country. During his IDF service, Ahron was a First Sergeant in the Israeli Navy, stationed in the waters bordering Gaza. Following his IDF service, he worked in the security sector with tourist groups of all ages, ethnicities, and backgrounds. This allowed him to travel throughout the entire State of Israel, helping him see the true beautiful colors of Israel, all while volunteering with amazing organizations along the way. After this meaningful experience, Ahron wanted to share his love for Israel elsewhere and became a Shaliach in South Africa at Habonim Dror Summer Camp. No matter where he was in the world—whether on a road trip through South Africa, backpacking through Australia, or during Uber rides in the U.S.—Ahron realized through conversations with strangers that there is an enormous lack of factual knowledge about Israel. This led him to join StandWithUs. Ahron is excited about the opportunity to share his love for Israel, one beautiful soul at a time.
