Please join us for a special meeting where Kersh and Christine can help answer your questions about Special Education and how parents and the school can work together to help children succeed. This is a chance for parents to meet the Administrators and ask overall questions about Orange's Special Education Program.

O.P.E.N. is a community of parents in the Orange School District, who through collaboration, advocacy and education, seek to empower and bring academic and life success to students with learning differences and special education needs. O.P.E.N. welcomes everyone! We encourage families whose children have special needs, learning or attention differences, an Individualized Education Plan (IEP), 504 Plan, or are just curious to learn and network with others.
