Even if graduation seems like a long way off, it is not too early to learn about what options exist for life after high school, and how best to prepare for this critical transition. Join us for an in-depth discussion where we will learn more about Transition Services, which refers to a coordinated set of outcome-oriented activities for a student that promotes the shift (or transition) from school to work or post-school activities. We will also discuss college readiness and comparing expectations of High School versus College.

Kindly RSVP to Courtney at OrangescdOPEN@gmail.com

O.P.E.N. is a community of parents in the Orange School District, who through collaboration, advocacy and education, seek to empower and bring academic and life success to students with learning differences and special education needs. O.P.E.N. welcomes everyone! We encourage families whose children have special needs, learning or attention differences, an Individualized Education Plan (IEP), 504 Plan, or are just curious to learn and network with others.
