

NEWS FROM THE MEMBERSHIP OFFICE

Laura Mason, Membership Coordinator

Many thanks to our organizational members for your continued collaboration with the association by attending and hosting regional gatherings, sharing WECAN information with your community, attending webinar events and conferences, purchasing WECAN books, participating in WECAN self-study and peer review through your membership processes, and more. We continue to learn so much from one another through our work together!

We have been working actively with over 50 schools, centers and home programs on membership applications and renewals this school year and have one new member to announce.

- **Golden Bridges School** in San Francisco, California, founded in 2013, is a new Associate Member with an admirable commitment to social justice. Please join us in welcoming them as new members of WECAN. I invite you to take a look at the [Golden Bridges School Website](#) to learn more about our newest member.
