RenalEdge GPO Welcomes HemaSource as a New Vendor Partner

Members Gain Access to Dialysis Supplies, Custom Treatment Kits and Supply Chain Solutions at Preferred GPO Pricing

RenalEdge GPO is pleased to announce a new vendor partnership with **HemaSource**, a manufacturer, distributor, and supply chain solutions provider serving healthcare organizations across the United States over 28 years. Through innovative products, technology-enabled inventory management, and customer-focused support, HemaSource helps providers improve operational efficiency, reduce waste, and maintain continuity of care.

Through this partnership, RenalEdge GPO participants gain access to a broad portfolio of dialysis products, custom treatment kits, inventory management solutions, and supply chain services designed to help dialysis providers improve efficiency, reduce waste, and maintain continuity of care.

HemaSource manufactures **customizable dialysis treatment kits** tailored to each customer's clinical and operational requirements. By combining manufacturing capabilities with technology-enabled distribution, inventory management tools, and supply chain expertise, HemaSource helps providers navigate today's challenges, including staffing pressures, inventory management demands, regulatory requirements, and the need for reliable access to essential supplies.

"Dialysis providers need a supply chain partner that understands how critical it is to have the right products available at the right time," said **Robbie Guilmino, General Manager, Renal Division, HemaSource**. "We're excited to partner with RenalEdge GPO to provide participants with quality products, customized dialysis treatment kits, and supply chain solutions that help simplify inventory management, reduce operational complexity, and keep facilities focused on patient care."

In addition to custom treatment kits, HemaSource offers a comprehensive portfolio of dialysis-related products, inventory management programs, Vendor Managed Inventory (VMI), recurring AutoShip programs, and technology solutions designed to improve supply visibility and ordering efficiency.

With more than 28 years of experience, HemaSource has evolved beyond traditional distribution to deliver an integrated approach to manufacturing, distribution, analytics, and inventory management. Its mission is to help healthcare providers spend less time managing supplies and more time focused on delivering exceptional patient care.

Additional information about this partnership, including enrollment details, will be shared on the RenalEdge website. To learn more, visit www.RenalEdge.com.

_____

About HemaSource

HemaSource is a manufacturer and tech-enabled distribution partner powering the supply chain behind life-sustaining therapies. With more than 28 years of experience, HemaSource manufactures dialysis treatment kits that may be customized based on customer needs and provides distribution solutions designed to eliminate the complexity of inventory management. The company works to keep healthcare operations fully supplied while supporting the rigorous requirements of patient care. www.hemasource.com

About RenalEdge GPO

RenalEdge GPO is an exclusive group purchasing organization operated by Renal Services Exchange (RSE), a wholly owned subsidiary of the Renal Healthcare Association (RHA). RHA represents nearly 11% of U.S. dialysis facilities and serves approximately 60,000 patients nationwide. RenalEdge delivers transparent, trusted, and value-driven purchasing solutions to help independent dialysis providers thrive. www.RenalEdge.com
