

Sixth Grade Field Trip

Where: Cox Science Center in WPB

When: February 14th

Cost: \$25 per scholar, payable by check or through MySchoolBucks

Lunch: Pack your own lunch or pre-order from the cafeteria

Transportation: Annet Charter Bus

What to wear: School uniform, TCCA spirit shirt is acceptable

What to bring: Lunch, water bottle, small personal tote, purse if necessary

What not to bring: cell phones or other devices, backpacks, toys

Chaperones: We have limited space for chaperones. Parents may add their names to the list for a chance to go on the trip. See an upcoming newsletter for the signup genius.

Tips for your first dissection:

- Dissecting a frog gives us insight into the organs of a complex organism similar to humans.
- Dissecting a frog is a middle school right of passage - everyone does it!
- It might smell a little.
- It might hear some popping and crackling as you make the incisions.
- Remember, scientific discovery is exciting. Lean in and learn!
