## Exclusive to Medicaid patients ages 21+.

- The mobile medical unit is a fully-equipped dental office providing comprehensive care.
- Oral health services performed by an expert dentist & dental hygienist team:

— diagnostic exams	— extractions	— tooth pain management & antibiotics
— x-rays	— restorations	
— fillings		

- Patients with limited mobility are welcome. Solvere Health's mobile dental units are designed with accessibility accommodations like wheelchair ramps.
- DentaQuest ID card & personal ID required at time of service.

## Did you know? A healthy smile impacts overall health.

- ✓ Prevent dental pain before it starts by attending regular dental visits and cleanings.
- ✓ Detect serious health issues, like oral cancer, early for effective treatment.
- ✓ Lower the risk of health conditions such as diabetes, high blood pressure, heart disease, stroke and some forms of dementia.
