

MIDDLE SCHOOL COLOR WAR 2022

Color War broke out at the end of the Tu Bishvat activity and the two teams were announced—SHMITA and YOVAL! These team names related to concepts that the Middle School Students had been learning about in class. Color War competitions for Middle took different forms. Of course, there were sports related competitions like volleyball and floor hockey and all sorts of Minute to Win it games. However, there were also competitions that integrated what the students had been learning about. There was a bracha bee as well as a poster and dodecahedron competition where the students had to creatively express the concepts behind their team names.
