

## RV/Camper Park suggestions

If you are planning on bringing an RV or otherwise large camper PLEASE make a reservation at a nearby RV campground, like the ones listed below. We have limited space for vehicles as it is. Only pre-approved staff ones are allowed in our tent campground parking lot in each host city. If you are bringing a small pull behind trailer, there should be room for it in the parking lot near our camp. Some people with small trailers are still choosing to go to an RV park, because they want water/electrical hookups. Your choice.

### **Grand Rapids:**
