## Newsletter of Lions District 44-H New Hampshire July 2021 Volume 47 Issue 1

DG Robert Gustafson

*Service from the Heart*

RobertGustafson11@gmail.com

Hello fellow Lions of District 44-H. First, I want to wish you the best this upcoming year. I know we will have a great year. Our Lions motto is "We Serve". And, so, we will increase the percentage of clubs reporting service activities. And yes, we will increase net Membership so we can serve more people. And yes, we will hold more training so our Leaders can learn to serve better. And, of course, we will raise more funds for our Clubs and LCIF so we can also serve more people.

The key term is Service. Another key term is Communication. In order to serve better we need to communicate better. So, if we have questions, let's not hesitate to pick up the phone and call someone. Let's also make that personal contact in this age of emails and texting. Please call me if you have any questions. I may not have a ready answer but I can certainly get it for you.

Yes, we will accomplish the goals that LCI has established for us. We have a great leadership Team to help us get this done. Some other things that I'd personally like to see done?

Enhance our Guiding Lions program to help assist Clubs that need assisting.

Focus a bit more on Diabetes awareness which is becoming an epidemic.

Help Camp Pride get their Pavilion built! If we build it, more kids will be served!

Thank you for all you do. Let's do it with Gusto!

I'll see you at the Cabinet meeting at the Atkinson Country club on August 1<sup>st</sup>.

DG Robert Gustafson

It's a great time to be a LION. The needs of your communities are still there after the pandemic. Lions can now get boots to the ground and see how they can help those in need. For the clubs that needed to take time off during the pandemic I encourage you to start back up and gather in fellowship, friendship and most of all have FUN. I look forward to the upcoming USA / Canada Forum in September and International Convention which has now been moved to Montreal!!! See you on the road!

As summer is beginning, enjoy the warm weather with family and friends. There was a lot of information shared during International Convention (LCICon); one of the many seminars I found interesting was "Lions Brand: Take Your Club's Marketing to the Next Level." Videos are still available on-demand until the end of July. Watch it to learn how to give more visibility to your club. Services in our community will add to membership. So let's do what we do best – We Serve. Welcome Officers and Zone Chairs for 2021-22. I am looking forward to working with District Governor Bob Gustafson and First Vice District Governor Randy Tomkins. Looking forward to the first cabinet meeting by DG Bob on August 1st .

### Comments from GML, Gail Dacey

Congratulations to our new DG Bob. I'm sure he will lead us with gusto. As the new GMT I would like to remind everyone the signing fee has been waived until the end of December. Now that covid seems to be under control and most clubs are getting back to meeting in person and members are out and about more please think about asking a friend or family member to join you. Just ask one. Invite them to join you in a project and they may see they want to join. Remember I'm here if you have any questions or need Help. We also have many Guiding Lions who are here to help. Your Zone Chairs are also here for you and would be glad to come to a meeting or event. Looking forward to working with you. Remember WE Serve.

---

### Comment from GLL, Celeste Ricupero

I wish the 2021-2022 District Cabinet the best for our upcoming new Lionistic year. District Governor Bob has new goals for the district and needs the help of each one of us to accomplish them. I am looking forward to working with you all. Please know I will be available to work with you and help in any way I can. Looking forward to seeing you all at the pre-cabinet on Tuesday July 13th . PID Ed Lecius will be presenting some needed information on GMA that evening. DG Bob has sent a link on the GMA information also that will help us get started on understanding this new program.

---

### Comments from GSL, Lara Raymond

Inside all of us is a yearning to get back into the community and be together. This puts us in a favorable position. If we can harness this, we will be well on our way to making the greatest impact yet. As your Global Service Leader this year I aim to support you in this desire. I am putting together a survey to send out to each club. The hope is to gather information about past service projects and to facilitate connections that will allow each club to expand their service projects in their desired direction.

Working Together,  
Lara

### *Comments from Council Chair Alan Ricard*

Here we are in a new Lions year!

First off, I would like to like to say congratulations to Virginia Edwards and Robert (Bob) Gustafson on being elected as District Governors. The multiple District team is looking forward to working with the district's teams to make this year one to remember. We will work with the governors to assist them in anything that they need.

Some of the areas that we will be working on are membership, training, LCIF, leadership and service. My hope is that we can get the clubs back up and running since COVID is almost behind us, I know some clubs took some time off.

I hope everyone enjoyed the International Convention; this was the least expensive one that I have attended.

LCI has announced that the joining fee of \$35 has been waived until December 31, 2021; also the 2022 International Convention will be in Montreal, not New Delhi India.

Please remember the upcoming Cabinet meetings, 44H on Aug 1 at the Atkinson Resort & Country Club, and Aug 8 for 44N at the Keene Country Club. What is going on? Do Lions like to golf,. Look for the flyer in this newsletter for more details and registration.

### **Comments from LSHF President,**

**NHSHF May 20th met in person at the Airport Diner for the first time since October 2020. The turnout was great, we only had two people who could not make it.**

**Project Chair Dan Diemand had only one case to present to the board. A 69 year old male from Warner who needed two hearing aids. With medical discount, Club support, and the individual donation, the cost to LSHF was \$800.00. The board voted to approve. The sponsoring clubs are New London and Hopkinton.**

PCC Fred Plett asked me to remind everyone about the following:

*"Want to help make a difference while you shop in the Amazon app, at no extra cost to you?"*

*Simply follow the instructions below to select "Lions Sight & Hearing Foundation of N H" as your charity and activate AmazonSmile in the app. They'll donate a portion of your eligible mobile app purchases to us.*

*How it works:*

- 1. Open the Amazon app on your phone*
- 2. Select the main menu (=) & tap on "AmazonSmile" within Programs & Features*

- 4. Follow the on-screen instructions to activate AmazonSmile in the mobile app"*

The last meeting for LSHF is scheduled under my presidency is June 17,2021 at the Airport Diner.

## Childhood Cancer by Michelle Ackroyd

Hello Lions I just want to start by thanking everyone who participated in the District 44H fundraiser for Make A Wish. With your help we were able to raise \$15,000 from the sale of Calendars as well as an online auction. This was a challenging year to raise funds but as Lions do we prevailed.

I just want to provide an email if you want to make a donation to CHAD they are accepting donations again. The contact there is Aimee Marsh at [amie.l.marsh@hitchcock.org](mailto:amie.l.marsh@hitchcock.org). They do have a wish list on Amazon for items that they are looking for as well as gift cards. Please reach out to Aimee if you have any questions.

## Diabetes Awareness By Mary Tremblay

About **Prediabetes & Type 2 Diabetes**. Over 88 million **American** adults **have prediabetes** – that's 1 in 3 adults! Of those 88 million, more than 8 in 10 of them don't even know they **have** it. Without taking action, **many** people with **prediabetes** could develop **type 2 diabetes** within 5 years.

I am a prediabetic follow me this year as I take action to reduce my risk. Through Facebook feeds I discovered the YMCA has a program to help people like me to reduce the risk with a No Pay or Low Pay program. The YMCA in Portsmouth provides the program, check with your local YMCA if they too support the YMCA initiative.

I have not tried the program or have any investment in it, except to see if I can avoid type 2 diabetes in my future. Program information follows, from what I understand new groups form monthly.

In the YMCA's Diabetes Prevention Program, a trained lifestyle coach facilitates a small group of adults to discuss behavior changes that can improve the health of participants. The program consists of 25 one-hour sessions delivered over the course of a year.

### Program Goals

- Lose 5–7% of your body weight
- Gradually increase your physical activity to 150 minutes per week.

Participants do this through:

- Healthy Eating – Eating smaller portions, reducing fat in your diet and discovering healthier foods can help prevent the onset of type 2 diabetes. Opens a new window.
- Increasing Physical Activity – Moderate physical activity (walking, swimming, mowing the lawn) for as little as 30 minutes, five days a week, can help improve your blood pressure, raise your good cholesterol and prevent blood flow problems. Opens a new window.
- Losing Weight – Reducing your body weight by as little as 5–7% can offer tremendous benefits for people at risk for diabetes. Opens a new window.

Research has shown that YMCA's Diabetes Prevention Program can reduce the number of new cases of type 2 diabetes by as much as 58% and by 71% among adults aged 60 years or older.

## Environment by Jeri Maynard

Environment Just recently, there was a “feel good” story about 17-year-old Christian Santos finding a message in a bottle while picking up plastic objects from the water where he lives in Portugal. Turns out that bottle was sent out by another teenager on Thanksgiving Day, two years ago, in Providence RI. Now, at first, you might think that is amazing! But in further reflection, it may make you think about what actually is being carried away in our oceans, lakes and rivers.

Now, the story did not indicate whether the sports drink bottle was made of glass, but it is a good chance that it was made of plastic. Plastic, once to be considered to be a “miracle product” and indeed, it has many life saving uses, the growing use of plastic water bottles is causing a critical “human environmental desecration”.

Plastic water bottles were designed as a single-use product (versus multi use containers) quickly making water the drink of choice. Many of us drink from these plastic bottles several times during the day, week or month. It is what happens next that is important- here are our choices:

1. **Recycling Bin:** These bottles should not end up in the oceans but because of recent limitations on how they can be transferred or processed, many will end up in landfills rather than the recycling facilities. Recyclable bottles can turn into printer ink cartridges, roofing tiles, carpets, fence posts, boats-just to name a few
2. **Trash can:** These bottles will not end up in the water in their current form but as the plastic breaks down into micro-plastic particles, over time, it may seep into the soil and into our waterways and ultimately the ocean
3. **Litter:** These bottles may be carried by wind, storm water or other processes to sewers, rivers and other waterways that feed into ocean.

How can we be part of the solution?

-Carry a reusable bottle- there is even a movement out there to start selling water in paper bags (a little hard to imagine) Many areas are installing “refilling” stations where you can fill your reusable container

-Choose aluminum cans or glass bottles over plastic when possible- save your glass bottles for a multiple of uses -

-Recycle all plastic bottles- if out and about, tote your bottles home rather than discarding- if your area doesn't recycle plastic bottles, find out why...

Did you know?

60 million plastic water bottles are thrown away each day in America alone- only 12% are recycled

Plastic waste constitutes 90% of the rubbish floating in our ocean- takes at least 450 years for a bottle to completely degrade

Americans drink more bottled water than they do milk or beer

For seafood lovers, it is calculated that you will eat up to 11,000 tiny pieces of plastic each year. It is estimated that 25% of all fish contain tiny plastic particles because they mistake it for food.

*KUDOS to Christian Santos for doing his part in keeping the waters clean*

By Emily Lovely

## VISION

Hi everyone, my name is Emily Lovely and I am an Atkinson Lion. Every month I will be writing about the different vision projects going on in our district!

If your club is doing anything related to vision, whether it be a screening, a fundraiser, or anything else, please let me know! Send a brief description of what you are doing and any pictures you have, and I'll include them in my next write- up.

**My contact information is:**

**email: [emilylovely@comcast.net](mailto:emilylovely@comcast.net)**

**cell: 856-630-3875**

In addition to news about vision work throughout the district, each month I will be including a statistic and a fun fact about vision so we can all hopefully learn something new.

*Check in next month to find out how the district is getting the vision screening program back off the ground post - pandemic.*

Vision statistic: An estimated 93 million adults in the United States are at high risk for serious vision loss, but only half visited an eye doctor in the last 12 months.

Vision fun fact: The human eye can differentiate approximately 10 million different colors.

## LIONS CAMP PRIDE CONNECTION

July 1, 2021

Greetings from Lions Camp Pride. Well, we made it! The camp is occupied with the kids from Arrowhead. This is one of our favorite groups and each year we look forward to having them come to our beautiful facility. They are a group of special needs kids and young adults and I wish you all could come and witness their arrival. It's good for all our souls to see how excited they are to see each other again and be at Camp Pride. For those of you on Facebook I hope you saw them using the slip and slide on the slopes of the football field. They left the camp on Saturday the 12<sup>th</sup> of June and are looking forward to coming back in August.

Lewis Builders came to camp the first week of June and gave a day of service working on exterior ramps, platforms, stairs, and railings. Make it a point to shop whenever you can at East Coast Lumber in Hampstead as they are part of the Lewis' family of businesses.

We on the board would like to thank all of the individuals and the Lions Clubs that came to camp this year and helped us get ready for the season.

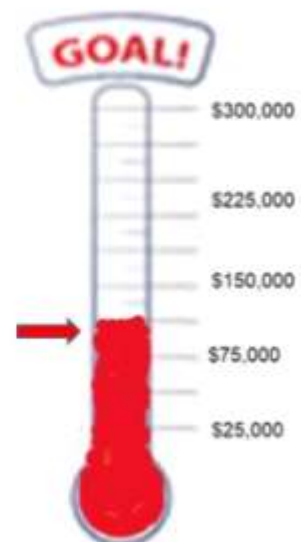

I would also like you all to know that the Wakefield Lions Club has adopted one of our bunkhouses and is already making improvements to that building. They will be coming back later this month to continue with more work.

Danville Lions Club is also looking for one of our buildings to adopt so we are looking for a second club to give them a hand. One of the building that really needs attention is the staff building, so come join our team and with the Danville Club take it on together.

Pavilion fundraising continues to be good "a little at a time" visit our website [lionscamppride.org](http://lionscamppride.org) and help out with whatever you can. Many thanks to DG elect Bob Gustafson and Lion Brad Duquette for tapping into social media to help raise additional funds for this much needed building.

**Total to date 6-21-21 \$86,500 + matching funds**

*Calling all Lions, the Loudon club could use your help!!!!*

The Loudon Lions Club is conducting our annual Angels 5K Race on Saturday, August 14th. The race will begin at 8:00 AM at Merrimack Valley HS in Concord. This is one of our largest events each year. The money raised is used to fund a scholarships program that awards two \$1,000 scholarships to HS seniors living in Loudon.

This year it falls on the same day as the Loudon Old Home Day celebration where we also have a booth. As a result we are in need of some additional help to run the race. We could use 7-9 additional volunteers. If you know any Lions in the district who would be willing to volunteer, please have them contact Sara Wagner. Her contact information is listed below.

## Lions Youth Services

Lions Youth Services met at the Airport Diner in Manchester on Thursday, June 10, 2021 with 11 members in attendance. President Al introduced a guest for the evening, Erica Olsen from the Sandown club and an associate member of Lions Camp Pride. She is also the lovely wife of Lion Eric Olsen.

The end of the year report was discussed with regard to the Calendar Raffle, Peace Poster Contest, various club donations, update on HOBY, the Terri Lynn fundraiser and Leos clubs. There will not be a Soap Box Derby this year, the hope is to continue with one next year.

New business was discussed with regard to the upcoming Lions Night at the Fisher Cats, August 28, a Casino Gambling fundraiser, introduction of a program called "Arts in Reach", (AIR) from the Portsmouth area. This is something that will be further investigated and an invitation will be made to have someone from this program speak at an upcoming meeting. Another program called MoCo Arts in Keene will also be checked into as another possibility for a Mid-Winter project.

Some new officers were elected for 2021-2022; Al Goldstein will remain as President for another year, Lara Raymond and Rhonda Wynne will be Vice Presidents, Lenny Hall will remain in the Treasurer's position, Kris Pavlik will serve as Secretary, and Harry Armstrong will be the Director for the 2022 Calendar Raffle.

The meeting was adjourned at 7:40 pm. Next meeting will be held on Thursday, July 8th at the Airport Diner.

### PEACE POSTER CONTEST - "We Are All Connected"

All the kits that had been ordered were sold out. Thank you to all clubs who purchased a kit. More kits will be ordered, once requests for a kit is made. This year has been a challenge no doubt with many schools in remote or hybrid learning but we expect that most schools if not all schools will be back to an in person schedule. Since this has been an unusual year, we have to "think outside the box" and be able to continue to promote the Peace Poster Contest to all schools, libraries, and or Boy's & Girl's clubs within our communities. It just take a little communication and a little creativity to promote the contest.

The following (8) clubs from 44N have purchased kits: Andover, Bedford, Canaan, Chesterfield, Concord, Milford, Pinardville, and Winchester.

The following (3) clubs from 44H have purchased kits: Atkinson, Camp Pride, and Sandown.

Contact Rhonda Wynne [rwynnemilford@comcast.net](mailto:rwynnemilford@comcast.net)

to order a kit for your club. A kit could be in your hands before school re-opens.

Students ages 11, 12 or 13 as of November 15 are eligible to participate in the International Peace Poster Contest but you can think "outside the box" to include all school age children outside of this age group with other incentives even though they may not qualify for the Lions International Contest itself.

If you would like more information or details of the rules and guidelines for the contest, or ideas on how to run a contest in your community, please visit the Lions website [www.lionsclubs.org](http://www.lionsclubs.org) or contact Rhonda Wynne.

### Lions Health Services of New Hampshire

Next month, we will be entering a new Lion Year and hopefully a year that the Kid Sight Program will restart eye screenings throughout the Districts. Club Coordinators, I encourage you to make those calls to all your community school contacts and get your screenings scheduled. Yes, the Covid era is in the past and Kid Sight Program is ready to move on.

We all know; by now, that most screeners cannot be serviced and if your screener is not working correctly please contact your District Coordinators for assistance. They will get you a replacement for your school screenings.

I would like to report that LHSNH was asking for Lion help from both Districts to assist our programs and we have been approached by some Lions. They have been invited to our May Zoom meeting. We still need more help; especially, from District 44H. Please contact me, Chair PDG Jerry Vaccaro. We presently meet through virtual means the last Tuesday of each month. Hopefully, we will meet again face to face at the Hannaford Community Room 7 Kilton Road, Bedford, NH. soon.

Thank you for all you do as Lions,

#### Come Fly with Me

On January 11 of this year, new regulations went into effect for service dogs and their handlers when they fly. The ADA of 1990 does not cover service animals in the air. The new regulation says that only dogs of any breed or size will be considered a service animal, and that it must perform a specific task for its handler. To fly with a service dog, a handler must provide to the airline a completed Department of Transportation form as far in advance of the flight as 48 hours. While the form is a little difficult, it is good news that the airline industry is responding to complaints of ersatz "service animals."

Be well, be kind, be hopeful.

You can always contribute to the DogSight 2020-2021 campaign by sending a donation to the project chair. Checks should be made out to **LSHF** with **DSP** on the memo line. Please send checks to: The DogSight Project, c/o Linda Piekarski, 15 Edgewood Ave, Keene, NH 03431
