
Chronicles of the creek

High School Camp June 9-15, 2019

The Honey Creek Cup

This camp session we had the first ever Honey Creek Cup. The Honey Creek Cup is a dorm side competition that comprises the most exciting aspects of life at summer camp! Dorm sides can win points for the Dormadillo cleaning competition, night time activities, and the creek Olympics. It was a riveting and rigorous competition, but Schuessler B ultimately won the inaugural Honey Creek Cup!

Chapel-House Ellie Copeland

Wednesday night as all the campers were tired after the square dance, we headed to the chapel for worship. Little did we know that Father Joshua and Father David had a little something different in mind. We said a prayer and sang a song to open compline as usual, but soon after Joshua announced that this was not regular compline. They turned the worship into a “coffee house worship”. We didn’t have any coffee, but the surprise ice cream sandwiches were delicious! For this service, campers led and sang and played guitar for the entire camp. All the campers who performed sounded amazing. As we got to sing and dance alongside one another, there was a feeling we all felt, and it was pure harmony.

The Weather at Honey Creek!

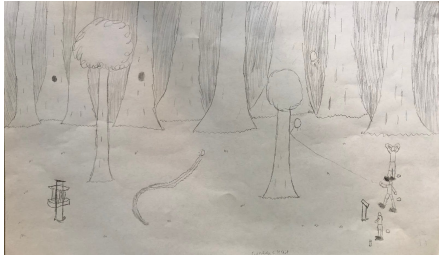

This week at camp, it rained every single day.

Camping with the Holy Spirit

Waverly Brown and Emilee Menard

Program is a time where we all meet together in the chapel and are directed by the spiritual directors in various large and small group activities. Since it is Pentecost, we’ve been learning about the Holy Spirit and the gifts associated with the Holy Spirit.

On Tuesday, we took the Enneagram personality test during program. Between the two of us, our top personalities were the Individualist and the Peacemaker (Waverly) and the Enthusiast and the Peacemaker (Emilee). Individualists tend to be self-aware, expressive, and creative. Enthusiasts are extroverted, optimistic, and high-spirited. Peacemakers are easy going, trusting, and supportive. This activity was eye-opening as it helped us to understand our own personalities better and helped us understand each other. The gifts of each personality became a way for us

Legends of Honey Creek-

Clark's Ghost Story Clark Chan

Renée is a ghost from an old house on this property. He murdered wild life, his family, and now we fear campers could be next. Renée sightings are common place at the creek. Two red eyes are the sign, and this week...

On Tuesday night, at exactly 11:30pm, the campers of Schuessler reported screaming from the woods behind their cabin to their counselors. Andrew Diamond and Jack Kelly, counselors from both Schuessler A and B went out to investigate the scream. "We didn't find anything completely strange, just a few broken twigs and a small trail leading back into the woods" said Jack Kelly. The next morning a few of the campers came across a light blue, long sleeved shirt. The shirt was taken to Andrew Diamond and this is what he had to say. "Wait, this is Trey's shirt". Trey Buckingham was later reported missing on the sight of the Schuessler Cabin in Honey Creek. More on this story as it continues.

Sports at Honey Creek Benjamin Strait, Aiden Womack, & Nick Sheredy

Disc golf is an incredibly challenging camp activity. In disc golf, the object of the game is to throw a frisbee into a net. The course is similarly set up to a golf course all around Honey Creek's campus. If you are super skilled then the rewards are great, but if you are not as skilled, then you might get exhausted. Despite its challenging and strategic nature, disc golf remains one of the favored sports at Honey Creek because it is super fun.

Breaking News (And the Rules): A Rockin' Relationship at Honey Creek Isabelle Dolivera

Today in journalism, Will Stovall brought his new pet rock, Gavin. Will made Gavin during arts and crafts. Despite the rule against romantic relationships at Honey Creek, I think I might have a crush on Gavin. Those luscious blonde yarn locks and uneven googly eyes just have something about them. After this class, I hope Gavin and I can go swing on the tire swing so that I can watch the wind flow through his hair. Hopefully, Will will let me keep him because I can already feel the rockin' relationship between us.

to see the Holy Spirit in ourselves and each other.

On Wednesday, we talked about how the Holy Spirit is driven through encouragement and harmony. We split into our small groups and each group composed an encouragement cheer to share with the rest of the camp. Then, Father Joshua taught us yet another song in a foreign language with hand motions. The hand motions required people to pair off and mirror one another. The song had us work together to dance in harmony.

Overall in our 9 year of attending Honey Creek summer camp, this has been one of our favorite program themes. We have enjoyed how Father Joshua and Father David have incorporated the Holy Spirit into our everyday lives.

***Cough Cough* with Callie:**

Camper's Health Corner Callie Cranford

Callie Cranford suffers from Chronic Bronchitis. It becomes a constant battle as she hacks through music and endure death stares from counselors, campers, and staff alike. Callie especially struggles with being silent during chapel. Her cough can be heard all throughout Honey Creek, and many of her fellow camp peers and counselors will not hesitate to tell Callie to be quiet. Upon being hushed, Callie's sass and eye rolls quickly follow. People have begun to see her cough as a character trait and an icon of the 2019 high school camp session.

Crocs R Cool: Fashion at the Creek-Téa Brady

Mocking Crocs is now a thing of the past. Crocs are now cool and here to stay! Easy to ship and Creek

friendly, Crocs offer a practical, fun,
and cute footwear solution.
