IMPACTING COMMUNITY

"Empowering Local Leadership for Indiana Soil and Water Conservation"

Successful Districts must utilize all of their leadership skills to impact their communities in order to meet their natural resource goals. As Districts engage their community in meeting natural resource needs, strategic planning and implementation skills become crucial. Participants in the Leadership Institute's final Cornerstone Impacting Community will develop these skills by focusing on the following areas.

- Strategic Planning
- Community Partnership Building
- Securing Resources
- Managing a Community Level Project
