

HOOSIER RIVERWATCH WORKSHOPS

Are you interested in
learning about
Water Quality and
protecting Indiana's
waterways?

Workshop is **FREE!**

The Indiana Department of Environmental Management staff can arrange an educational workshop for your group.

- Participants must be 18 or older.
- Hands-on training will introduce participants to habitat, chemical, and biological assessment techniques.
- Workshops can be set up for any interested parties.
- Participants can submit data that leads to the conservation of crucial aquatic ecosystems.

If interested, please reach out to IDEM staff:
