

The background of the poster is a dark blue space scene. It features several stylized celestial bodies: a large orange planet with a grid pattern, a white planet with a ring system, a green planet with a ring system, and a pink planet with a ring system. There are also yellow stars, a grey satellite with orange panels, and blue clouds. The title 'ASTRONOMY NIGHT @ FALLON' is written in a light blue, sans-serif font, centered in the upper half of the image.

ASTRONOMY NIGHT @ FALLON

See the wonders of our universe!

March 30, 7.30-9pm
Black top-behind the
Blue tables

Students and families will be treated to views of beautiful objects in the night sky with telescopes kindly provided by the Mount Diablo Astronomical Society. This is a family event where parents/adults are expected to remain with the students at all times. Kindly remember that this is not a drop off event.
