

Attention **GATE** families, and those students who just love using their Imagination!!!
Do you want your child to....

Be innovative?
Take initiative and responsibility?
Tackle challenges with creativity and resilience?
Gain confidence and skills to take big leaps?
Learn to work in a team?

Destination Imagination offers a fun, hands-on way for kids to experience the creative process and engage in collaborative problem solving as part of a team.

Whether your child is interested in STEM, the Arts, or community service, this extracurricular program is a great complement to the common core.
