

## West Virginia Dance Company Visits KDS

The KDS student body was treated recently to a performance of the West Virginia Dance Company. The hour-long performance was titled “Adventures Around the Big Blue Marble” and featured choreography representing the seven continents. Students learned about the Qin Terracotta Warriors, an Antarctic expedition, European architecture, Incan civilization, the traditional art of glassmaking, and more. The program is curriculum-based, multi-cultural, and includes STEAM content.

The performance was paid for through the fundraising efforts of the Fort Lewis Chapter of Virginia. Special thanks to Emmallee Morris for her determination to have the dance company visit KDS!
