

KDS Students Participate in Breast Cancer Awareness Month

More than 12% of U.S. women will develop breast cancer during their lives. In honor of National Breast Cancer Awareness Month, KDS DAR High School art students brought awareness to breast cancer prevention and research by decorating bras with slogans themed around the fight against breast cancer. This year 33 bras were decorated, and two different votes were held to choose the best designs.

The bras were on display during KDS DAR School Dedication Day with ballots available for DAR members to vote on their favorites. Photos of the bras were also posted on Facebook so that users were able to vote by “liking” the design of their choice.

Betsy Montgomery and Brooke Jolly designed the “Don’t Gamble With Your Life” bra, which was chosen as the DAR Members’ Favorite.

*Dr. Seuss’ **The Cat In the Hat** inspired the bra titled the Facebook favorite bra. “I Do Not Like Cancer Here or There, I do Not Like It Anywhere” was designed by Colby Southers, Patrick Wilbanks, Ariel Traynor, and Houston Earwood (not shown).*

President General Denise Van Buren stopped to a vote for her favorite bra on the way into the Dedication Day program.

There were many cleverly designed bras, all promoting Breast Cancer Awareness.
