

## KDS Patriots for Patriots Mask Program

On Tuesday, May 12th, the KDS DAR High School Family & Consumer Sciences Classroom was converted into a mask production facility in an effort to address the great need for personal protective equipment across the country.

We are asking DAR Chapters, groups, and individuals who are sewers to lend a hand in service to America. This is not a sewing class, so it is important that those who sign up to work are self-sufficient in operating a sewing machine. Having experienced sewers is crucial to ensure the most efficient use of time.

In order to ensure all social distancing guidelines are adhered to, there can be no more than nine volunteers for any one shift, and all volunteers must wear a mask.

We will be sewing in two shifts - 9:00 to 11:30 a.m. and 12:30 to 3:00 p.m. - on Tuesdays, Wednesdays, and

Thursdays for at least the next several weeks. Those interested in volunteering may use this [Link](#) to sign up for a shift.

All the details may be found on the [KDS Website](#). And for those of you don't sew or are otherwise unable to volunteer, there's a list of needed supplies you can donate to help with the effort. Everyone can play a part in making this program a success.

We find ourselves in a time of unprecedented uncertainty. Providing essential personal protective equipment to those who need it most is one way we can do our part in perpetuating the ideals of the National Society Daughters of the American Revolution. Thank you for sharing your time and your talents in service to America!

*DISCLAIMER: Fabric face masks made through the KDS Patriots for Patriots Mask Program and by DAR volunteers are not medical grade and are not guaranteed to treat or prevent disease. They are created in furtherance of CDC recommendations that people wear cloth face coverings in public settings where social distancing measures are difficult to maintain. Recipients should determine on their own whether a fabric face mask is suitable for their needs.*
