

## KDS High School Students Learn about Clubs and Activities

The KDS DAR High School Student Government Association held “Clubfest 2018” on August 30<sup>th</sup> as a way for students to learn about clubs and activities available for the new school year. This was also a way for clubs to recruit new members.

Fifteen clubs, service groups, and competition teams set up booths in the gym, most with signs and tri-folds displaying club activities and descriptions of what the clubs are all about. Some of the clubs with booths included Beta Club, Family Career and Community Leaders of America, Leo Club, Fellowship of Christian Athletes, Spanish Club, Art Club, Patriot Historical Society, and 4-H.

Each booth incorporated elements unique to its club. Beta Club had a spread of club scrapbooks, while the ambassadors of Spanish Club were decked out in sombreros and ponchos.

Students made their way around the gym, browsing through the different booths as they decided which clubs they wanted to join. By the time students finished at each booth, their hands were filled with forms and information sheets for their new clubs.
