

KDS Student C.A.R. Members Support Project Patriot

The members of the Gunter Mountain Society, Children of the American Revolution recently assisted with the Gunter Mountain Chapter, NSDAR's, Project Patriot Program. The first project was designing and making care packages that were shipped to deployed service members in Korea, Japan and Louisiana. The boxes were filled with card games, candy, snacks, canned goods, and other items.

The main goal of the Project Patriot Program is to express to deployed soldiers how much they are appreciated for all that they do serving in the United States Armed Forces.

The C.A.R. members also helped with designing and making "Thank You" cards for soldiers stationed in Afghanistan. This was a large effort for them, but the teamwork paid off and they finished the project in a timely manner. Cindy Wallace, Gunter Mountain Chapter Project Patriot Chair, said that with both projects, more than 200 soldiers' lives were impacted by the kindness of these caring children.
