

## KDS Sixth Grade Reading Buddies

Mrs. Cavender's sixth grade homeroom collaborated with Mrs. Turner's first grade class to establish a reading buddy program. The sixth grade students partnered to read with the first grade students to help them gain confidence in their reading ability and comprehension skills. This was in preparation for the DIBELS test given in May.

This endeavor helped the sixth grade students strengthen leadership skills, introduce pillars of volunteerism, and refine collaborative social and academic skills.
