

## SELF-QUARANTINE REQUIREMENTS & GUIDELINES FOR TRAVELERS (as of August 6, 2021)

For the health and safety of the Second Presbyterian Weekday School community, we have implemented a self-quarantine policy for traveling staff members and families.

Since 2nd Pres students are not eligible for vaccination at this time, we are currently recommending, *but not requiring*, students and all other unvaccinated individuals to quarantine for 7 days and receive a negative PCR/molecular test on days 3-5 or quarantine for 10 days without a test, as per the [Kentucky Travel Advisory recommendations](#). Please monitor for symptoms up to 14 days after traveling. We ask all families and staff to thoughtfully self-assess their risk of exposure while traveling and need for testing and quarantine upon return to keep our school community safe.

The CDC recently updated their [Safer Travel Tips for Families with Unvaccinated Children page](#) for guidance on assessing exposure risk.

This policy is subject to change as new information about the pandemic is received.
