Each year, hundreds of Four Corners International Missions, Inc. (FCIM) members and friends travel locally and around the globe as a part of any number of Mission Journeys. As a part of these Journeys, participants serve in various ways to spread the message of Christ's love for His people, from medical clinics, to drilling wells, to distributing food, adopting children, and building new dormitories, bathrooms and showers. The experience of a Mission Journey is life-changing. Extend yourself and be a part of what God is doing around the world! Acts 1:8 commands us to be God's witnesses both here at home and all across the globe.

Start Planning NOW IS the time!!
