PASADENA FIRE DEPARTMENT

DID YOU KNOW?

Red Flag Days are declared when:

- Relative humidity 15 % or less with either sustain winds of 25 mph or greater or frequent gusts of 35 mph or greater for a duration of 6 hrs or more
- Relative humidity 10% or less for a duration of 10 hours or more widespread and/or significant dry lightning.

Current Red Flag status can be found on CityofPasadena.net/Fire & notifications will be sent using PLEAS

How are Red Flag Days enforced:

- The restricted parking areas are enforced the same as a traditional fire lane.
- Streets where parking is restricted on Red Flag days are posted with appropriate "No Parking" signs. If signs are not posted, that street is not affected.

Evacuation Warning vs Evacuation Order

- An **evacuation warning** means that there is potential threat to life/property. This is the time to leave if you need additional time to leave.
- An **evacuation order** is a lawful order to evacuate due to immediate threat to life/property. LEAVE THE AREA IMMEDIATELY.

Officials will determine evacuation areas and routes based on danger's location and impact. You do not have to wait for a warning or order to leave your home.
