

# Be Bolivar Song

When there's a risk, be brave  
If you feel weak, stay strong  
You will always find  
that hand by your side

When you raise your arms, be proud  
When you spread your wings, fly free  
You will hear that song  
Singing from inside

'Cause you are surrounded by people  
Sharing the love, calling your name  
Gathering always together, lighting the flame

Be Bolivar when it shines  
Be Bolivar when it rains  
Be Bolivar now and forever  
The world needs us...

When someone is wrong, speak out  
If they need to talk, sit down  
We all have a story and something to say

If you are feeling down, just share  
When someone is hurt, be there  
Let's tell everyone  
Bolivar's the best

'Cause you are surrounded by people  
Sharing the love, calling your name  
Gathering always together, lighting the flame

Be Bolivar when it shines  
Be Bolivar when it rains  
Be Bolivar now and forever  
The world needs us today

Wherever you go, no matter how far  
No matter how long, Bolivar you are  
Here you'll always find your home

Be Bolivar when it shines  
Be Bolivar when it rains  
Be Bolivar now and forever  
The world needs us today

*El hilo conductor que nos une  
The common thread that connects us!*
