Oil Spill Prevention Workshop

for Class 4 and Small Fuel Dock Staff

May 5, 2026

9 A.M. to 2 P.M.

142 Pedoi St,
Manson, WA 98831

Learn prevention and response techniques from the Washington Department of Ecology's Oil Spill Program. Designed for new and seasonal marina staff, this in-class and hands-on workshop teaches proper fuel transfer, spill reporting, and spill response within the framework of oil spill prevention.
