**The Gathering** will look a little different this year so that we may promote the health and safety of all those who will be joining us. The following protocols will be in place:

The number of participants will be limited. (*We won't call it exclusive, but it is limited inclusivity.*)

We will have only one overnight stay with your choice of single or double occupancy rooms at the same hotel rate. If you wish to add a Saturday night stay, please call The Landing to make a separate reservation. (*We can't stay and play Saturday night, but we will make time for fun during the day!*)

We will have assigned seating at tables and each person will use their assigned seat throughout the conference, including during meal times. (*Ultimate bonding time with your small group of friends.*)

We will be utilizing all of the space in the conference center so that we can spread out and put smaller numbers at tables. We will utilize stationary touch free microphones for sharing ideas with the bigger group.

All attendees are required to wear face masks except when eating meals or relaxing in your hotel room. (*Time to embrace your masked crusader look!*)

Meals will be plated and served, no buffet lines. (*Enjoy the pampering!*)

We will be providing individually packaged snacks this year. (*You don't have to bring any.*)

Hand sanitizer, cleaning wipes, and extra face masks will be readily available.

### **Your \$50 registration fee includes:**

Friday overnight stay with choice of single or double (if traveling with family/close friends) occupancy room.

Dinner on Friday, Breakfast and Lunch on Saturday.

All speaker presentations and materials.

\*\*\*If you need financial assistance to help pay the \$50 registration fee, please apply for the Diocesan Lay Endowment Grant. The grant was set up to help people like you, attending workshop and conference opportunities like this!
