also see [ccbh.net/covid-19-phase-1b-provider-list](http://ccbh.net/covid-19-phase-1b-provider-list)

As of PD article 2/2/21 Cleveland Clinic REHAB, 3025 Science Park, Beachwood, 216-455-6400 WAS listed as a provider. However rep who answered the phone said they ARE NOT so they were not added back into this list. rr

Beachwood Medical Center (part of Lake Health) was removed from the list here but was back on the PD list. As it is my (rr) understanding one is not limited to obtaining the vaccine in their county of residence, I am including this info. Contact number is **440-375-8595**. In another example of failure to understand the challenges of older adults, the information is NOT repeated and spoken so rapidly it is very difficult to jot the details down and took

multiple efforts. Lake Health is collaborating with the Lake County General Health District and again stating that if you wanted to sign up for notification of when you could schedule you should go to the website of [www.lakehealth.org/vaccine](http://www.lakehealth.org/vaccine). This line is NOT taking any messages. rr 2/2/21
