

March 2020 General Obligation Bond

In 2018, PUSD completed a Facilities Master Plan Update identifying an additional \$839 million in needed facilities updates to support our nationally-recognized neighborhood schools, staff and students. The Board of Trustees voted unanimously to place a general obligation bond for \$323 million on the March 2020 ballot. The March 2020 bond would translate to a tax of \$43.10 per \$100,000 of assessed value for Pleasanton taxpayers.

Fiscal Realities for Pleasanton Schools

Currently, PUSD falls in the bottom 50% of K-12 public school districts for tax rate funding (per \$100K of Assessed Value). In 2023, PUSD schools will fall to the bottom.

The Need: 2020 Bond Project List

- Replace or modernize high school gyms.
- Modernize (Amador) and build new (Foothill) high school theaters
- Replace or repair paving / concrete
- Develop a new small career-technical high school to address growing enrollment and expand access to STEM programs
- Upgrade school drop-offs
- Modernize existing science labs
- Upgrade play fields at various middle & elementary schools
- Replace or upgrade playgrounds
- Build covered lunch shelters
- Upgrade wireless network infrastructure
- Upgrade remaining aging roofs & classroom heating/cooling systems
