

# BECOME A TUTOR CHANGE TWO LIVES

The Plainfield Public Library is currently looking to recruit volunteer tutors to help local residents learn English, become citizens, pass the GED, and find employment.

Everyone owes some of their success to the great teachers they had. Now you can be that someone that makes all the difference.

No Experience? No problem.

The Plainfield Public Library provides simple, straightforward, and ongoing tutor training and support.

Tutors are never left to fend for themselves. After the initial training, support is always available from PPL's dedicated Literacy staff and other fellow tutors. Signing up means joining a small army of likeminded and socially caring volunteers ready to support each other.

Training and scheduling are flexible and can be tailored to personal availability. Devoting just a few hours to this vital and worthwhile program can lead to dramatic improvements in our community.

To find out more about this meaningful volunteer opportunity, please call (908)757-1111 ext. 122 or email [literacy@plfdpl.info](mailto:literacy@plfdpl.info).

***Changing someone's life will change yours***
