

JOIN US FOR UNDERSTANDING MY CLASS[®] SCORES

Thursday, March 26th
6:00PM-7:30PM
ELC of Manatee County

You're invited to join us for a collaborative session designed to help you better understand your CLASS[®] observation results. In this meeting, an ELC CLASS Assessor will review your classroom's scores with you and your teaching team. Together, we will discuss how the CLASS tool reflects your daily interactions and explore ways to use your feedback for continued growth.

This is a great opportunity to ask questions, clarify scoring details, and reflect on your instructional practices in a supportive environment.

Please come prepared with your questions and be ready to engage in open conversation about your results. We look forward to seeing you!

PLEASE RSVP BY MONDAY, OCTOBER 20TH

Melissa Cujas
Director of Provider Quality & Child Development
