The screenshot shows a software interface for a 'Blend Sheet'. At the top, there are buttons for 'Email', 'Book Products' (highlighted with a red box), 'Archive', 'Delete', and 'Sharing'. Below these are navigation icons and a search bar. The main content area is divided into several sections. On the right, there's a box with the number '443675' and contact information for Vincent Ranco and Patrick Olmstead. In the center, the title 'Custom Application DRY FERTILIZER' is displayed. On the left, there's a section for 'Decision Maker' and account details. Below that is a table with farm and field information. To the right of the table is a map showing a field layout with a yellow boundary and a red '20' label. At the bottom, there's a table with nutrient analysis data for N, P2O5, K2O, S, and Zn, comparing 'Guaranteed Analysis' and 'Plant Food'.

How to

- ▶ You will still then see a history of bookings, the last step is to then push “Book”

frmPlanViewer

Mark Products to Book by checking the Order NOW column and then click the Book Button below.

Summary

- ▶ The workflow here has been simplified and there have been unnecessary button clicks removed. The process will be very similar to bookings in the past only streamlined.
- ▶ Please e-mail help@soilmap.com if you have any questions or concerns.
