

Batch Signups

Release notes

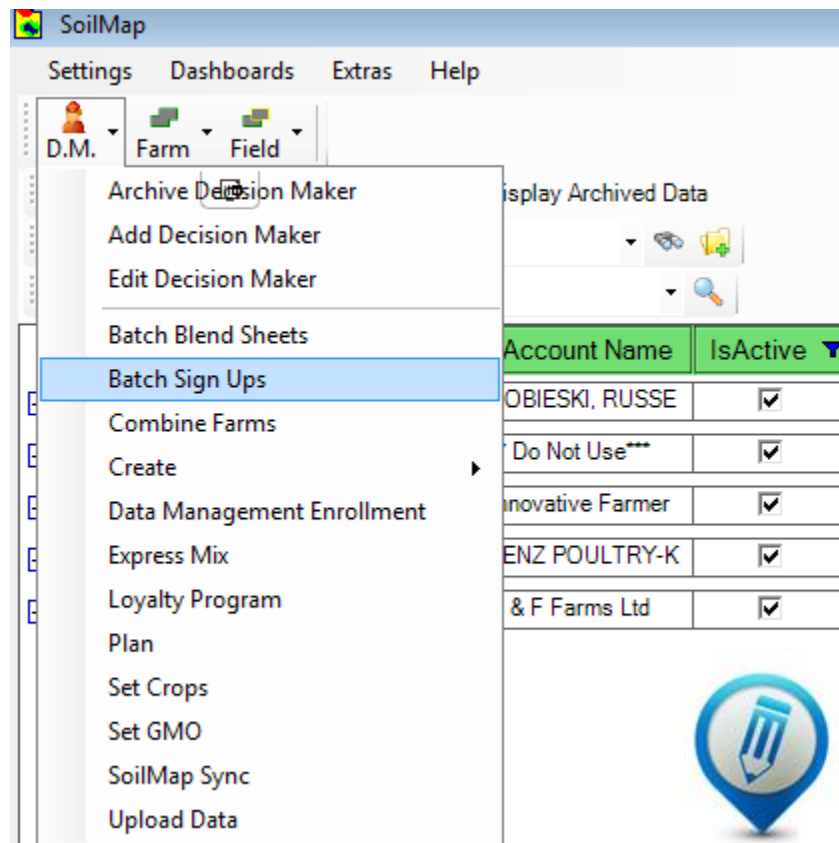

Notice of change

- ▶ Signups can now be done in batch at the Decision Maker, Farm, or Field level. This change will allow you to signup multiple fields for sampling.
- ▶ The old process will still continue to work until a date to be determined.

How To

- ▶ D.M. Button –Batch Signups
- ▶ Select a Sign-Up type (Grid Sampling or MMP)
- ▶ Grid Sampling

How To

Please select a Sign-Up type:

Grid Sampling Ready to use	MMP Ready to use	Compaction Mapping Under construction	ASNT Sampling Under construction	Basic Grid Sampling Under construction
Composite Sampling Under construction	Crop Emergence Under construction	EC Mapping Under construction	RTK Survey Under construction	Tile Mapping Under construction
Tissue Sampling Under construction	SCN Sampling Under construction	Soil Nitrate Under construction	Zone Sampling Under construction	Sign Up Maintenance

The under construction options can still be used the old way of doing signups which is at the field level

How To

- ▶ Your fields will then be shown. Notice you can now select to re-drive the boundary as well as lab packages.

Create new Sign-Ups for : OLMSTEAD, PAT															
Gray rows must have crops assigned. Khaki cells default to company or farm defaults, they may be changed.
