

## NMML GRANTS RESOURCES

### NMML Grants Series: Understanding the Bipartisan Infrastructure Law

Continuing our grant writing webinar series, the New Mexico Municipal League is hosting a webinar to help members learn about the Bipartisan Infrastructure Law (BIL) and prepare to apply for competitive funding opportunities.

**Wednesday, September 7 from 2-3 PM**

**Register [HERE](#) for Webinar**

Learn how the BIL is structured, what programs are being funded, when the funding will be available, how to apply for funding and which type of projects are being supported. The webinar will also discuss the changes to the Buy America provision affecting this law and the associated projects.

The webinar will be taught by experienced grant writer Chuck Thomas of Petroglyph Consulting. Chuck has over 30-years' experience working for public agencies in New Mexico and has directed the successful application and award of almost \$23 million in federal funds to the Southern Sandoval County Arroyo Flood Control Authority over the past ten years.

---

#### **Also – please fill out our survey!**

NMML is planning to offer several small-group, interactive workshops to help municipalities research and apply for competitive federal grants. To better determine the format and topics for webinars, we want to hear from you. Help us by filling out a brief [survey](#).

#### **About the webinar series**

NMML is offering an ongoing webinar series to its members and other stakeholders to provide detailed information on the most common federal grant programs available to public entities and help guide communities through the process of developing competitive project applications.

*For materials from previous webinars in the series, see [here](#).*

**Please let us know if you have any questions!**
