

Dear Local Business and Community Supporter,

For decades, Shortridge High School has been a cornerstone of Midtown Indianapolis, educating and nurturing generations of community leaders like yourself. Shortridge has undergone exciting transformation in recent years, becoming an IB World School. Now, it is poised to grow dramatically in 2018-19, with the closing of several IPS high schools.

In 2017, a group of parents and administrators came together to start the SHS Athletic Booster club, with a mission to promote excellence at Shortridge High School in all athletic programs and activities. The Booster Club provides financial support through fundraising activities, encourages family and community involvement, and promotes school spirit.

This year, we are proud to announce our first Shortridge Blue Devil Scramble – a golf tournament to raise badly needed funds to support our sports teams. We are asking for your support, through sponsorship, participation, or donations. All of the proceeds from this event will be used to supplement athletic funding and allow our student-athletes to compete at the highest level possible.
