# Disaster & Emergency Preparedness Symposium

Thursday, September 26, 2019 | TrainND | all day

**\$89/person [walk-ins \$129/person]**

**Pay it forward: Purchase a ticket for essential services.**

You can choose the person or we will donate the ticket to an essential services person on your behalf.

**Register at [www.willistonstate.edu/trainnd](http://www.willistonstate.edu/trainnd)**

Registration is non-refundable, but can be transferred.

This event brings Bakken-area industries, public emergency response officials, and interested parties together to learn about potential disasters and how our communities prepare for and respond to them.

Topics include: Active shooter training, DAPL (Dakota Access Pipeline) Lessons Learned, Human Trafficking, Williams County Community Resources, Hazardous Materials Spill Response, Risk/Vulnerability Assessments, and the impact of hazardous waste being dumped into public landfills.

Response equipment on display: Command Trailer, Disaster Medical Resource Trailer, Breathing Air, Light Trailer, Spill Response Trailer and others.
