

The McKenzie County
Heritage Association began as
a dream.

The founding fathers of this organization met on November 10, 1992. Those attending this meeting were, Ras Rolfson, Rev. Alton Hillesland, Don Erikson, Ray Stenberg & Clyde Holman, which became the first board of directors.

The groundbreaking ceremony for the McKenzie County Heritage Park was on June 22, 1993.

On the ground breaking day, there were three buildings along with 32 pieces of restored farm equipment. Now we are home to 16 buildings and all kinds of farm equipment. The McKenzie County Heritage Park has educated & entertained thousands over the years.

Another one of the dreams that our founding few had was to build a facility where members of our county could meet, along with housing artifacts in a climate controlled environment. We are there now folks! The current board members feel that the time has arrived to begin constructing this building. We have been saving and planning for it the entire time that this association has been formed. While the city, county & families of McKenzie County have been so generous with their both their time and money, we are in the position of requesting additional funds.
