## **A Letter from Stephen Caudana, Southern California Convener**

Dear Brothers in Illuman,

As a follow-up to the Nashville men story, I am sharing with you this beautiful photo of Illuman's Jose Valencia and his Men's Group, meeting and sharing breakfast with Illuman SoCal Elder, Jim Heaney, on March 24th.

Jose and these men [Antonio Rodriguez, Daniel Espinoza, Francisco Gallegos, Julian Flores, and Oscar Cruz] are headed to the SoCal MROP UMBRALES in May (also pictured are Michael Malloy and Michael Shumate). Illuman men in California and across the country are standing up and supporting these Nashville brothers on their long journey toward the one love, life, and connection.

It's the Illuman story. Inner work and experience that opens hearts and minds, now handed on and changing lives through that power greater than us.

Peace,  
Stephen Caudana  
Illuman SoCal Convener
