

# THE FUTURE BENEDICTINE HIGH SCHOOL

## Student Commons

*Opening Fall 2025*

The Student Commons, formerly the cafeteria at Benedictine High School, will be transformed into a dynamic, multi-purpose space where students can gather for meals, collaboration, and social activities. It will foster our Hallmark of community and serve as a central hub for daily student life.

## Student Experience Center

## Student Experience Center

*Opening Winter 2025*

The Student Experience Center, located in the former Abbey Library, will offer students a unique learning environment for Career Technical Education (CTE) programs that integrate core academic knowledge with technical and occupational knowledge and skills. The aim is to provide students a pathway to postsecondary education and careers in different fields, such as health science, business, information technology, STEM and manufacturing.
