## ENVIRONMENTAL PROTECTION

**Climate March September 8:** It's time to walk the talk. Join 350.org and other environmental organizations on a March for Climate Justice on Saturday, September 8. Gather at Lincoln Park on Congress Street in Portland for the march that will end at Monument Square. The march will emphasize the health of Gulf of Maine including Casco Bay and marine life. This march is part of a worldwide mobilization before the Global Climate Summit in San Francisco.

At the end of the march there will be a few short speeches by young people. There will also be a Green Fest in Monument Square from 10 am to 4 pm on the same day. You can visit booths to learn more about local foods, discover sustainable businesses, and hear great music.
