

# THE FINANCIAL TIMES OF FIRST U

Vol. 24

SUNDAY, JUNE 2

FREE

## THERE'S A PARTY GOIN' ON 'ROUND HERE

### OPPORTUNITY

#### Clamorin' for Clams

One of the most fun events of the year is the Yarmouth Clam Festival, which will be July 19-21. "I love it!" says Jen Civiello. "It's a great opportunity to meet new members, get to know others better and just have fun." Many members every year for this event. Youth, 8th grade plus, are welcome and invited to participate, too. Training is available for all the jobs and it is a great chance to try something new. Many love the action on the grill and the fryolaters. Others enjoy the camaraderie of the cashier and server positions. Last year, we introduced the popular Clam Fritters. Following up on that success, our new product this year will be Blueberry Fitters, a quintessential Maine specialty! As one of our biggest fundraisers, we encourage everyone to join us at the Clam Festival!

### CELEBRATION

#### Babies, Big Kids, and Bridgers

On May 5 and May 12, First U-ers celebrated children and youth with two very special ceremonies and an Earth Day Carnival. The church had five graduating seniors this year, four of whom could come to the Bridging ceremony, a wonderful opportunity to welcome these teens into adulthood. After Bridging was the Earth Day Carnival which especially welcomed families and kids of all ages to have fun while learning about ways to care for and protect our planet. This fun, free event was enjoyed by members, friends, and newcomers and included some new events this year, like the Maypole, fairy house building, and boat building and water conservation. We also welcomed and celebrated eight new babies and children as they participated in naming and dedication.

### TRANSPARENCY

#### The Future is Yours!

Why is a meeting a celebration? Because we get to exercise our voting arms and get excited about the future!

On June 2, members of First U will elect our Ministerial Search Committee. From a slate of TEN people who have invited to serve, 7 will be elected to the Search Committee. YOUR VOTE MATTERS!

Other important agenda votes include bylaw changes, our budget for the new church year that begins July 1, election of a new board member, and election of the NEW Leadership Development Committee, assuming the proposed bylaws are approved.

Oh, yes, and there will be FOOD. See you Sunday!
