

## **CHI BIKE DRIVE: COORDINATION ASSISTANCE**

As the Compassionate Housing Initiative continues to explore next steps in welcoming and supporting asylum seekers, one project is in the planning stages for this spring. The families we've housed in Yarmouth are all settled in Portland and surrounding towns, and we're planning to launch a bike drive to provide both transportation for adults and great exercise and peer connections for their children.

Jamie Brooks has volunteered to spearhead our effort, and would welcome anyone who wants to be involved in helping to plan and implement this drive. Please contact him at [jbrookes@maine.rr.com](mailto:jbrookes@maine.rr.com) or call at 846-9647 or 232-9266.

Stay tuned for more information about how to donate bikes, helmets, or locks!
