

## our values and beliefs

While we have no creed, we do have values that we use to guide us. Our church affirms and promotes:

1. The inherent worth and dignity of every person.
2. Justice, equity, and compassion in human relations.
3. Acceptance of one another and encouragement of spiritual growth in our congregations
4. A free and responsible search for truth and meaning.
5. The right of conscience and the use of the democratic process within our congregations and in society at large.
6. The goal of world community with peace, liberty, and justice for all.
7. Respect for the interdependent web of which we are a part.

Ours is a covenantal faith between people of diverse personal theologies. Despite our theological differences, we share important core beliefs.

So, what do UUs believe in?

- ♥ right relations with one another
- ♥ wholistic ways of living on and with our planet
- ♥ the power of love and compassion to overcome fear and hate
