Type of Work:

Dewatering operations to facilitate the ongoing installation of a 24-inch HDPE recycled water main along Studebaker Road.

Who is Performing Work:

Toro Enterprises, Inc. (Approved contractor for the Long Beach Public Utilities Department)

Location of Work:

Intersection of Studebaker Road and Anaheim Street

Anticipated Start Date: October 19, 2026

Anticipated End Date: November 2026

Note: Schedule is subject to delay due to inclement weather or other unforeseen complications.

Construction Hours:

24-Hour Activity

Adjustments in working hours may be made as necessary to perform the work or as required by permit conditions.

Other Important Information:

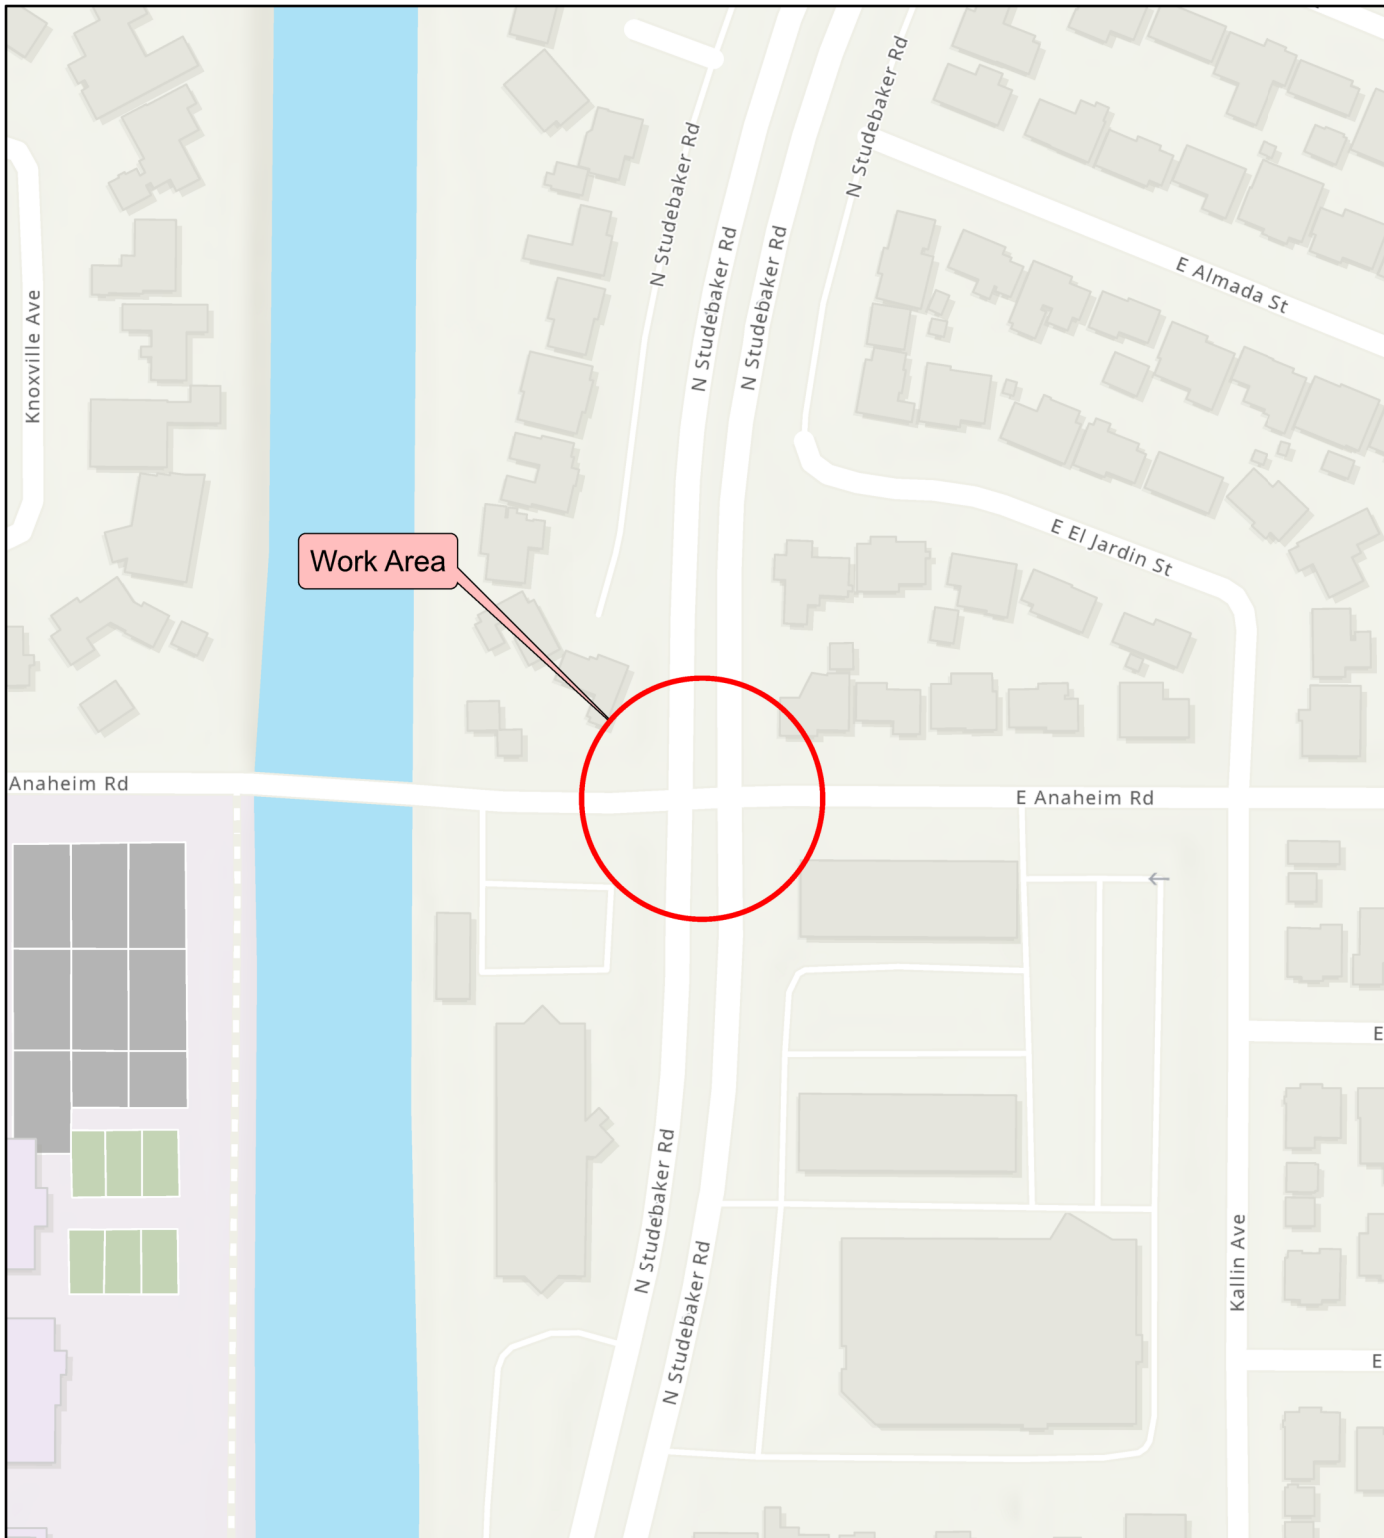

- There will be **no** interruptions for water or sewer services for this work.
- **PARKING & ACCESS** in the construction zone is **RESTRICTED** during the work. It is important that you remove your vehicle from the construction zone.
- Please observe all **"NO PARKING"** signs and remove your vehicle from the area as required.
- Noise mitigation measures will be taken to minimize noise during construction.
- The public may see large amount of water being discharged to local sewer lines during these construction activities. This water is being drained from our excavations as part of the work, and is being discharged under approved permits.
